

# The AT Awards 2025

| Sponsorship opportunity

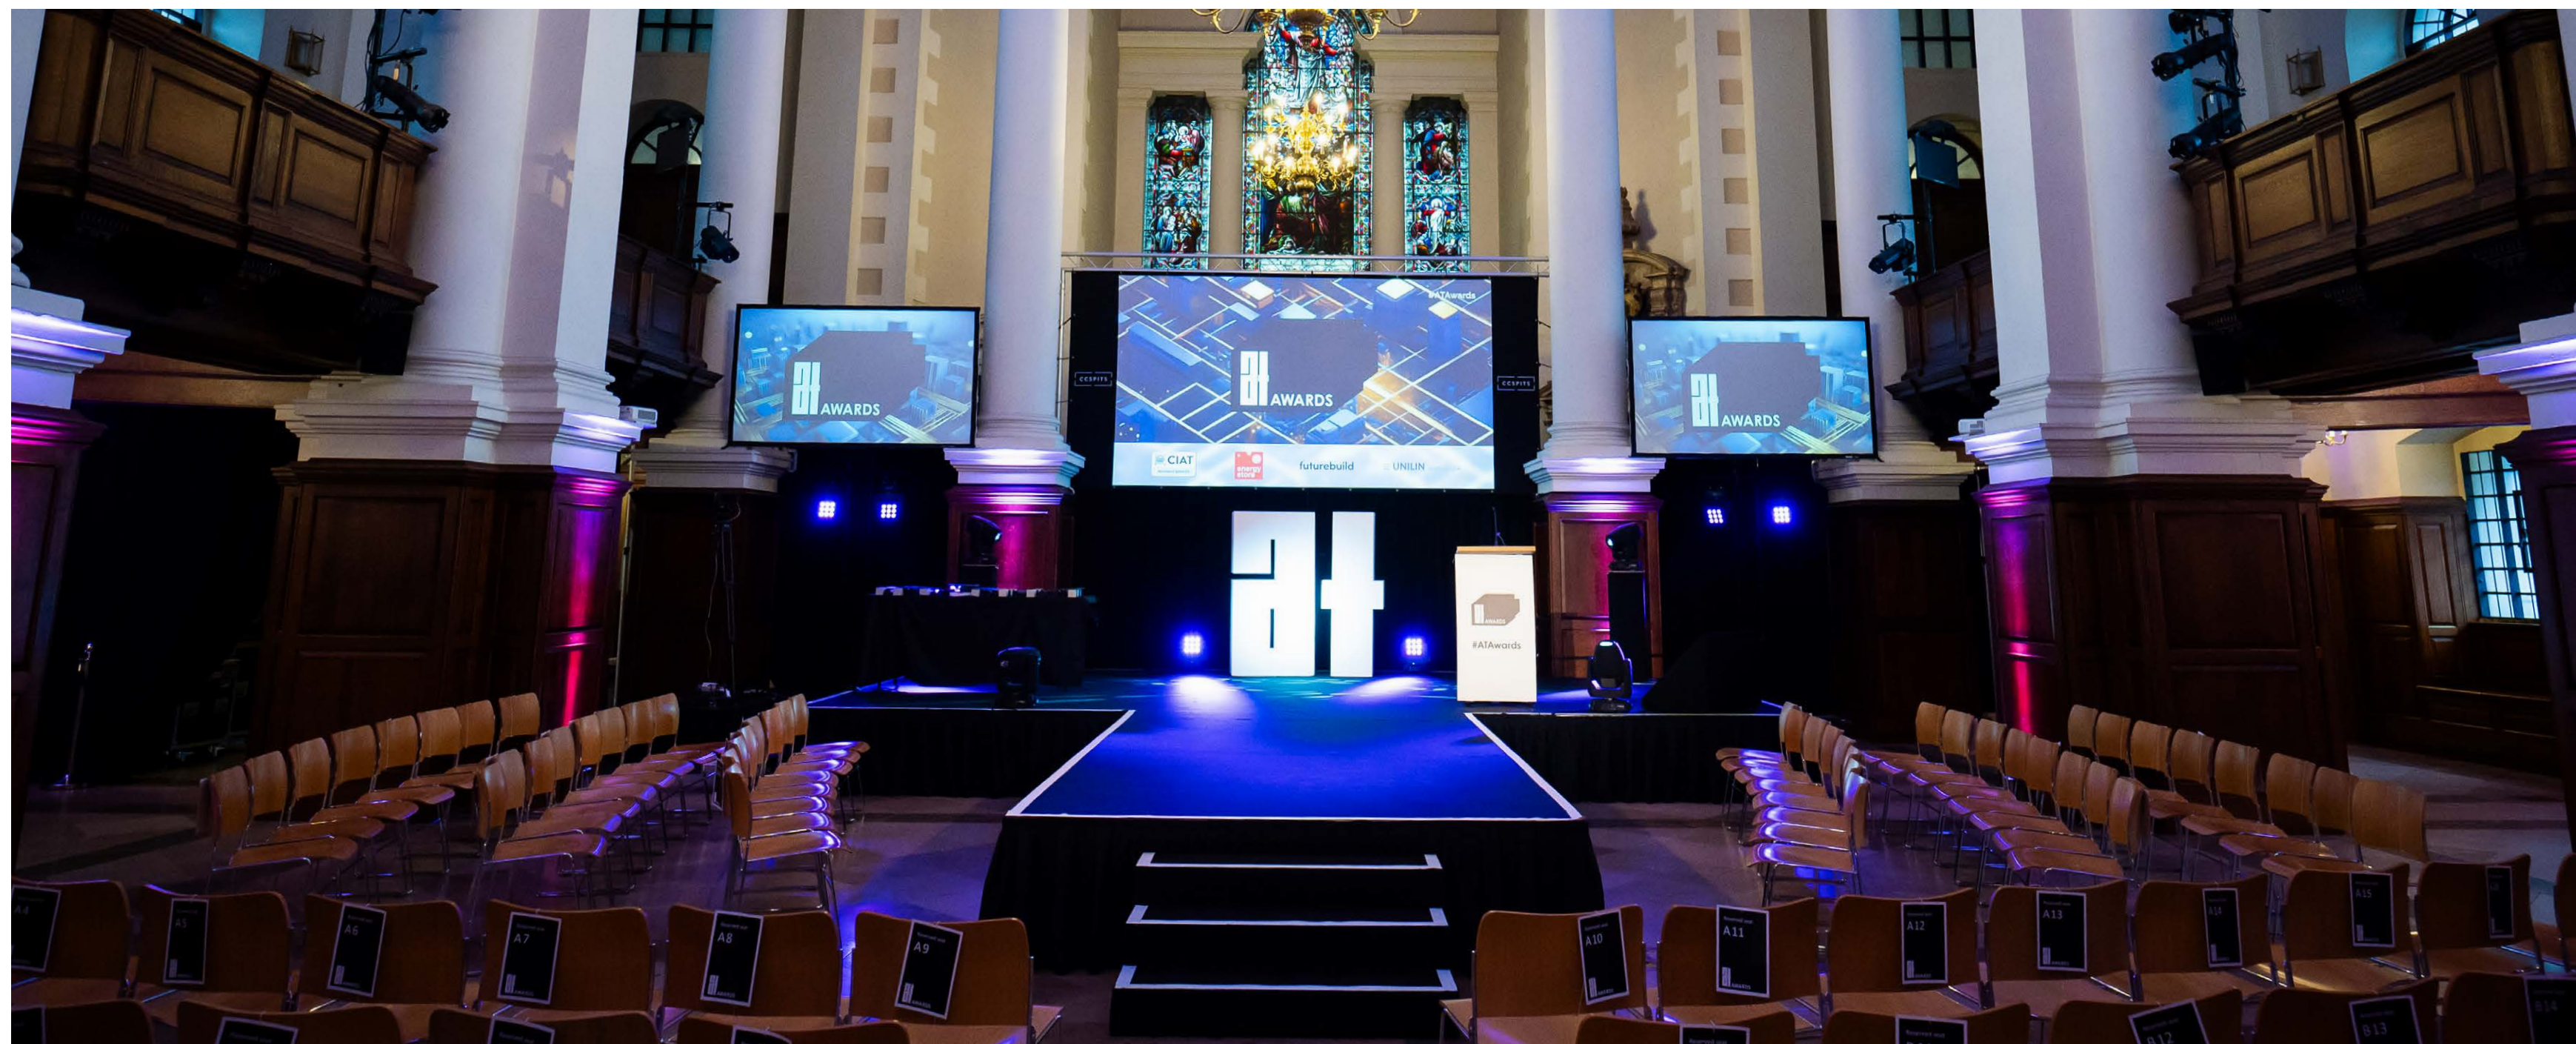

The Chartered Institute of Architectural Technologists (CIAT) present an exclusive opportunity to become a sponsor for the AT Awards 2025 in October, on the 60th anniversary year of the Institute.

The AT Awards, presented by CIAT, are the premier accolades that celebrate outstanding achievement in Architectural Technology; the technical practice of designing and constructing buildings. This year's ceremony event will see movers and shakers from the built environment industry converge from across the world to celebrate excellence in the discipline from both professionals and students.

The Awards celebrate the vital contribution Architectural Technology practices and professionals make to the built environment, with the event providing unique networking opportunities with industry leaders, fellow professionals, and emerging talents in the discipline. Our award categories celebrate everything from small-scale projects to large-scale new builds and retrofits; from the Emerging Talent in AT Award to the coveted Award for the Chartered Architectural Technologist of the Year.

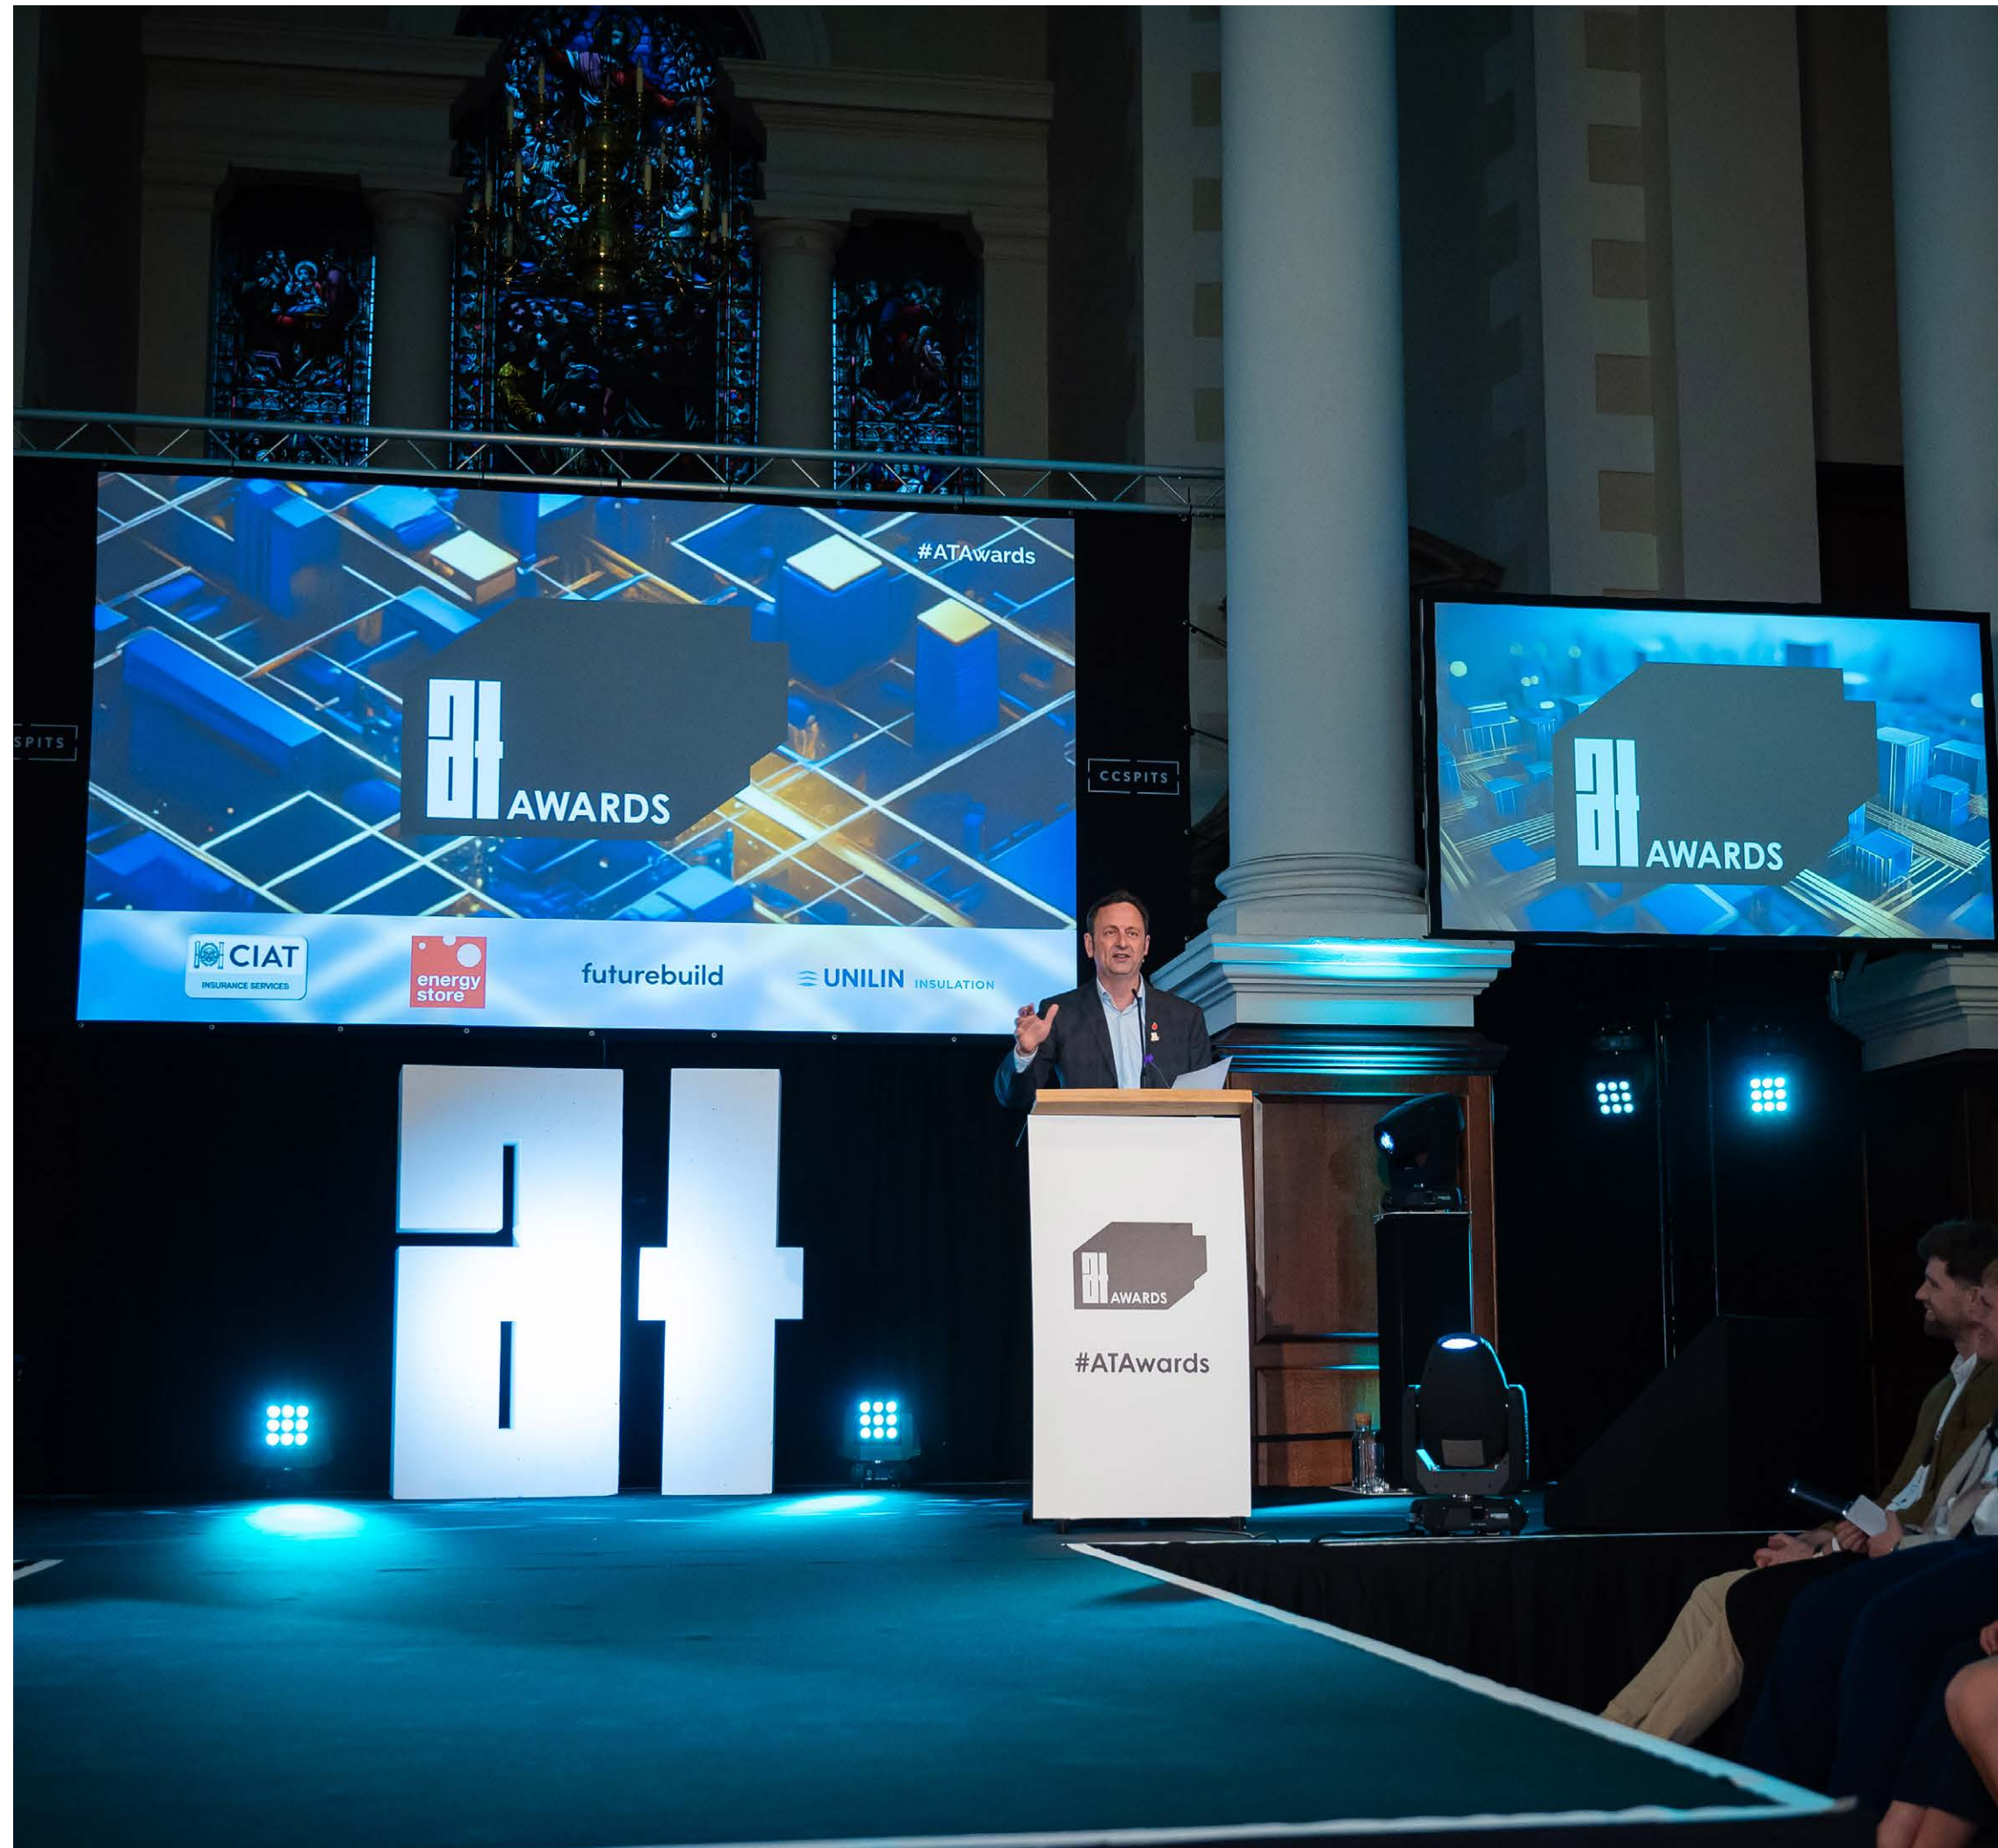

## CIAT at 60: Celebrating a Legacy in Architectural Technology

CIAT is the global membership qualifying body for Architectural Technology. It is a not-for-profit organisation that exists to lead, represent, and promote the profession of Architectural Technology and set the standards for the discipline's education, practice, and professional standards.

First founded in 1965, this year sees the 60th anniversary of the Institute.

Join us as an AT Awards sponsor and expose your brand to our network of powerful decision-makers in an event devised to optimise relationship-building. By connecting with the go-to event on the AT calendar, you will be aligning with and fostering links with a real who's who of the built environment sector. And this year promises to be something even more special...

CIAT's special anniversary lends a heightened prestige and significance to the Awards, and we will be marking the milestone throughout the event. What better time to become a sponsor of the AT Awards than in our diamond year?

We are keen to hear your suggestions about ways you can engage with our network to fulfil your unique marketing needs at this historic event.
