

Architectural Technology: In a Virtual Reality World

Wednesday 5 June 2019

18:00 - 21:00

London South Bank University

Immerse yourself in the world of the Architectural Technologist as you find out how using skill, technical knowledge and creative flair Architectural Technologists blur the boundaries between traditional roles in the construction industry.

Event features:

- Champagne reception
- Presentation from CIAT President, Alex Naraian
- Opportunity to experience cutting edge virtual reality technology in LSBU's Virtual Engineering Lab
- Light refreshments
- LSBU BSc(Hons) Architectural Technology student exhibition

The event will also be host to the Architects Benevolent Society who will be creating an 'Anxiety Arch' and providing information on access to support in times of need.

Booking is essential and places are limited:
