

#BuildingEquality

'Networking for change'

Thursday 27 June 2019, 18:00pm
Arup, 6th Floor, 3 Piccadilly Place, Manchester M1 3BN

To commemorate 50 years since the Stonewall Riots, Building Equality are hosting the event 'Networking for Change'.

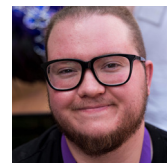

The Stonewall Riots spearheaded the LGBT+ social movement, advancing the rights and lives of LGBT+ individuals. This year 'Networking for Change' aims to bring together like-minded organisations and individuals to Build Equality; to drive LGBT+ inclusion in the built environment.

At this event we will be joined by Sparkle – The National Transgender Charity, who actively promote Trans awareness and inclusion – ensuring people from across the Trans spectrum feel empowered to embrace who they are, so that they can positively define their future and alter public perceptions.

Building Equality, through our collaboration with Sparkle, are committed to implementing positive change so that our industry is wholly inclusive for our Trans community.

Guest speaker

Sparkle

Jay Crawford
Chair of Trustees
